Denver Metal Supply is committed to creating and supplying custom fabricated metal at the highest quality, for all our clients. Precise custom fabrication at the right price is our specialty. With our central Denver location, we can create and supply all your metal needs from roofing components to custom metal accessories.

ROOF SYSTEMS

From concealed to exposed fastener panels. We offer complete roof systems for residential and commercial.

ACCESSORIES

Our extensive lineup of accessories will complete the functionality and aesthetic of your project.

FABRICATION

We have the knowledge and expertise to turn your ideas into real world fabrication.

FULL SERVICE

We'll take care of the entire project process, including estimating, take off and delivery.

FULL SERVICE SOLUTIONS

ESTIMATE | TAKE OFF | DELIVERY | LABOR

COMPLETE ROOF SYSTEMS

STANDING SEAM | EXPOSED / CONCEALED PANELS | RIDGE CAP | FLAT ROOF | DRIP EDGE

DETAILS & ACCESSORIES

GUTTERS & DOWNSPOUTS | TAPERED DOWNSPOUT & ELBOWS | FASCIA & METAL TRIM
CUSTOM FLASHING | SCUPPERS & COLLECTOR HEADS | CHIMNEY CAPS
ACCESSORIES | UNDERLAYMENT

CUSTOM FABRICATION

WE CAN CREATE ANYTHING.

SPECIALTY PRODUCTS

CUSTOM CAGES | FENCING & GATES | STAIRCASES & HANDRAILS
FURNITURE | VEHICLE ATTACHMENTS

ESTIMATE

Precise custom fabrication at the right price is our specialty. We offer comprehensive estimates with competitive pricing.

TAKE OFF

We offer a complete take off that includes materials that are required to finish your project.

ORDER DELIVERY - PICK UP ALWAYS AVAILABLE

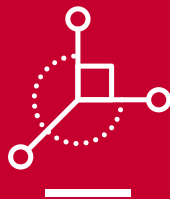

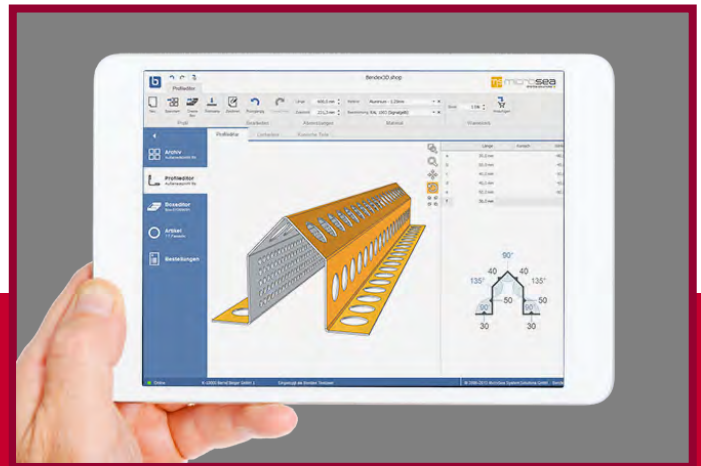

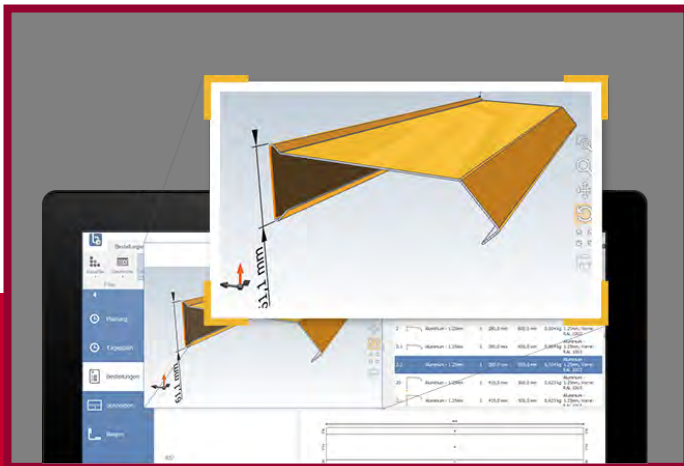

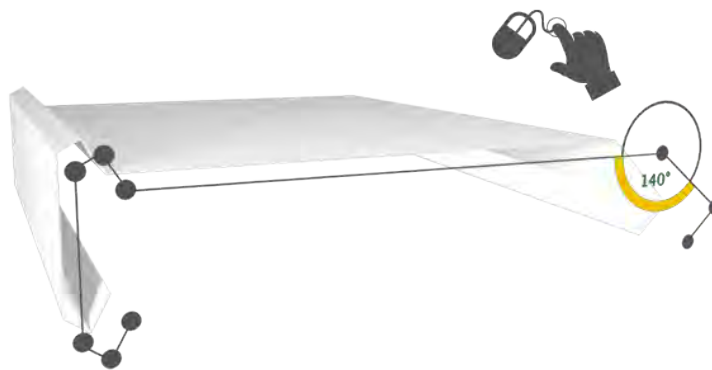

We'll deliver your order to your job site. We also offer on-site bending and fabrication.

***Optional Install Labor is Available**

From Concept to Creation.

We use the most sophisticated and advanced software solutions for the sheet metal industry. We are able to visualize bent parts within seconds using freehand input. The possibilities are endless with this state-of-the-art technology.

We convert data into drawn bent parts. We'll turn your project vision into reality.

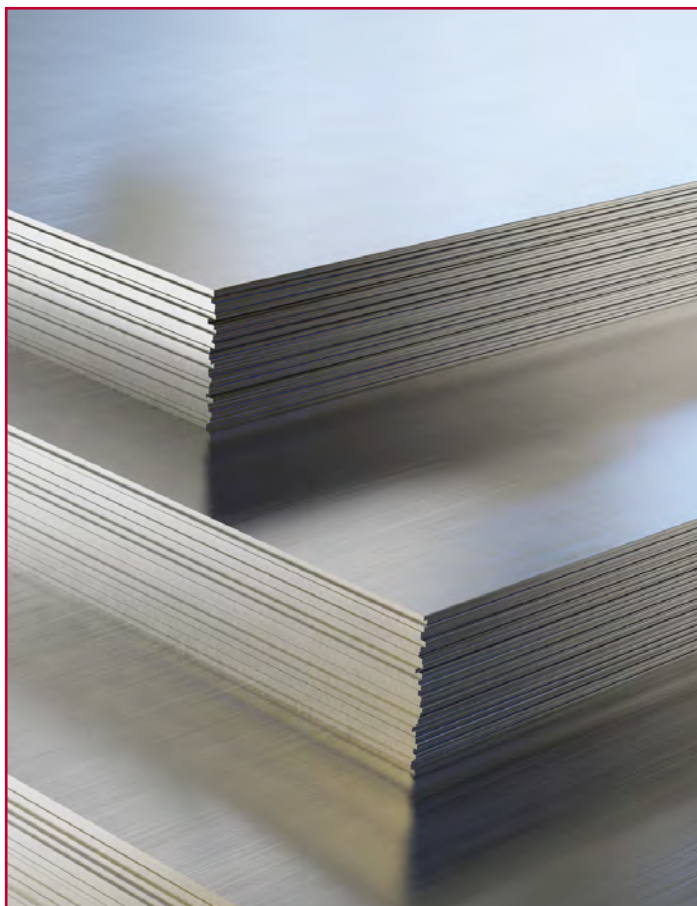

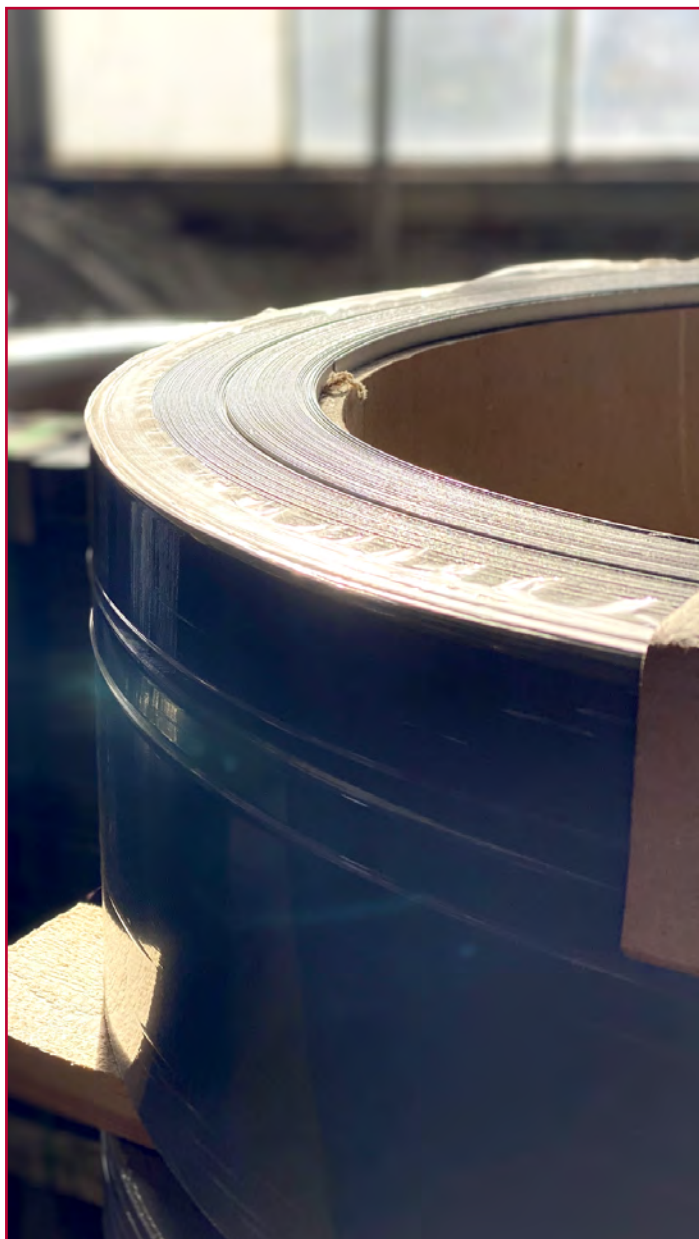

We can make changes and see results immediately in an interactive 2D/3D view on-screen.

HYLAR 5000®

Ultra-Clad™ HYLAR® pre-finished steel is our premium grade in coil and sheet product and is the industry standard for commercial applications. This high-performance product offers the ultimate resistance against weathering and fading and is backed by our 35-year non-prorated finish warranty.

Featuring Dura Coat Product's Durapon 70 full strength HYLAR 5000® paint finishes, Ultra-Clad is available in a wide variety of gauges and sizes and is stocked in 34 standard colors. All standard Ultra-Clad color formulations utilize Cool technology pigments and are Cool rated. Custom colors are also available upon request.

Standing Seam

An economical metal roofing solution which is secured with hidden fastener clips.

Panel Coverage: 12", 16", 18"

Rib Height: 1 3/4"

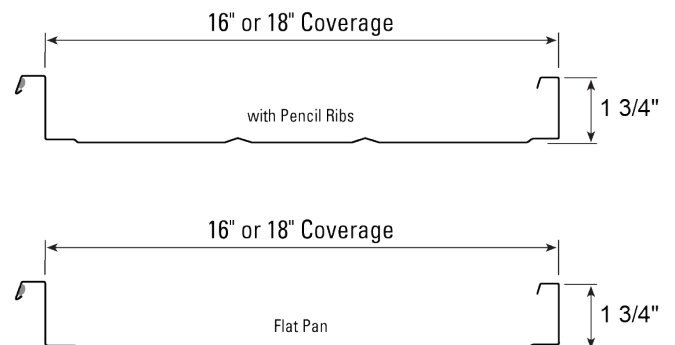

Rib Features: Striations or Flat

Optional Gauge: 22, 24, 26 ga.

Fasteners: Concealed

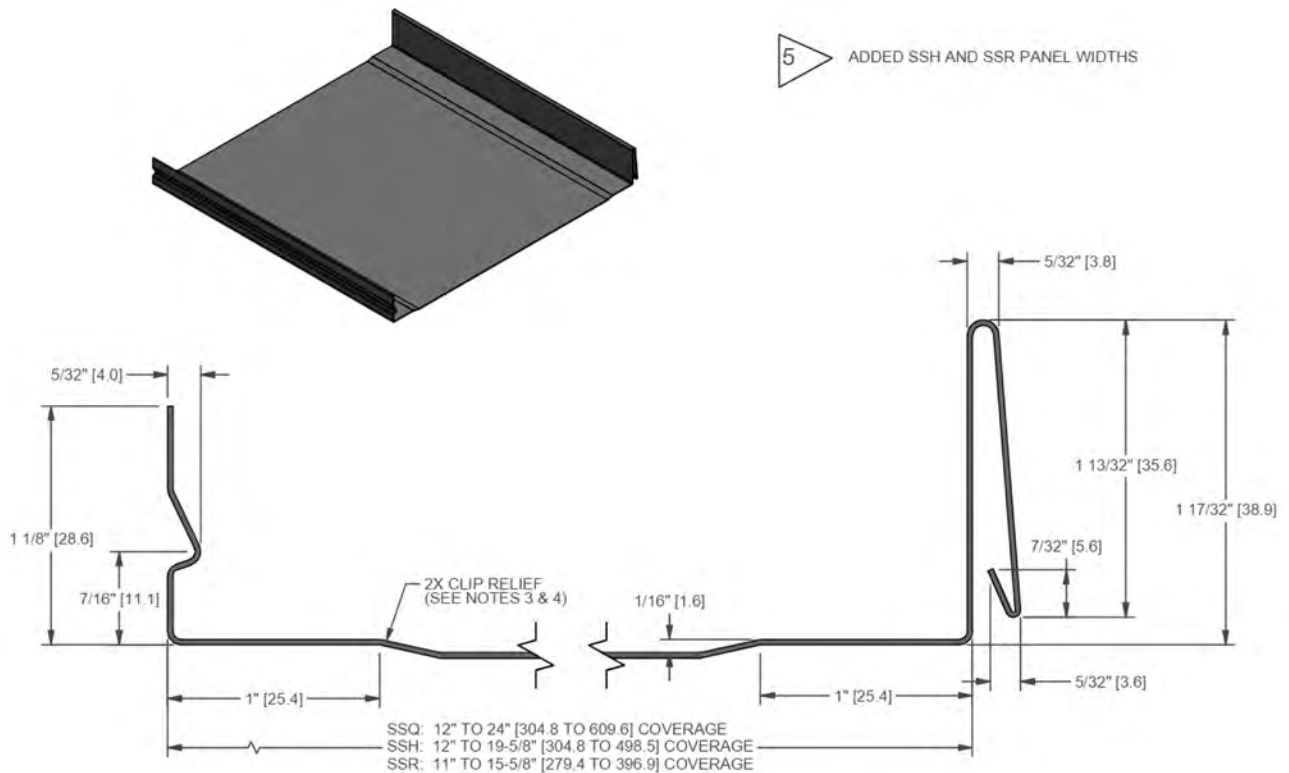

SEE PAGE 34 FOR COLOR CHART

Example Projects

NOTE:

1. MATERIAL USAGE: 4-3/8" [111.1] APPROX
2. CLIP RELIEF ROLLERS ARE STANDARD WITH THIS PANEL.
3. PANEL IS SHOWN WITH CLIP RELIEF ROLLERS ENGAGED
4. OPTIONAL MINOR BEAD RIB OR STRIATIONS AVAILABLE.
5. DUAL DIMENSIONS: Inch [mm]

Example Projects

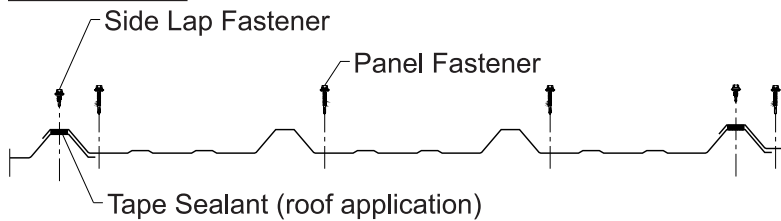

ATTACHMENT DETAIL

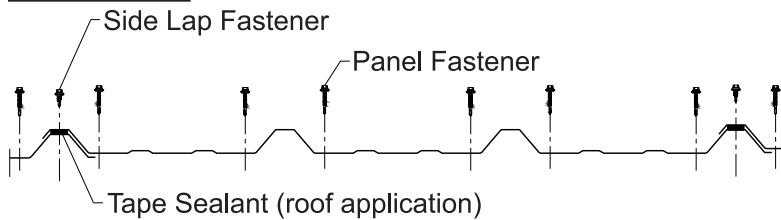

FASTENING PATTERNS

Field of Panel

Ends of Panel

FASTENER INFORMATION

Overdriven fasteners will cause panel distortions.

Fasteners should extend 1/2" or more past the inside face of the support material.

Thick panels (ex. 18 ga) or supports (ex. 1/2" steel) may require predrilling of holes for screws.

Panel Fastener:

Attaching to Wood:

#10-14 XL Wood Screw

Attaching to Steel:

#12-14 XL Self Drilling Screw

Side Lap Fastener: Spaced 12" on center

1/4"-14 x 7/8" XL Stitch Screw

Trim Fastener:

1/4"-14 x 7/8" XL Stitch Screw

Tape Sealant:

Single Bead: 3/8 x 3/32 x 50' Roll

Ridge Cap

Wherever you have two roof planes coming together at an angle, you get either a peak or a valley. Since so much water flows through the roof valleys, they must be protected by extensive roof flashing networks to keep your roof dry and leak-free. With the peaks, a special covering called a ridge cap must be used.

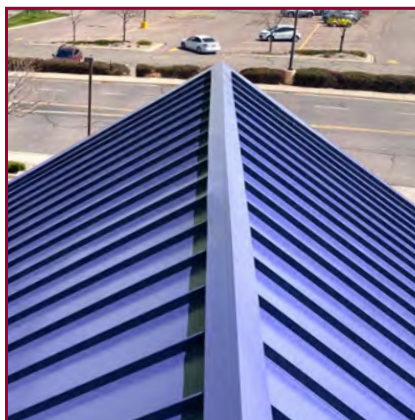

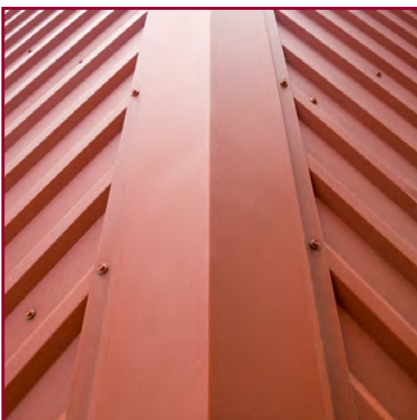

Formed Ridge: Molded to Panel

Standard Ridge Metal: Sized to Fit

Add a Finishing
Touch & Defend
Against Leaks.

Example Projects

Parapet Cap Metal

The top of a parapet wall is vulnerable to moisture penetration problems. Cap Metal is an effective way to eliminate this condition.

High Wind Up-lift Resistance

Any Size & Length Available

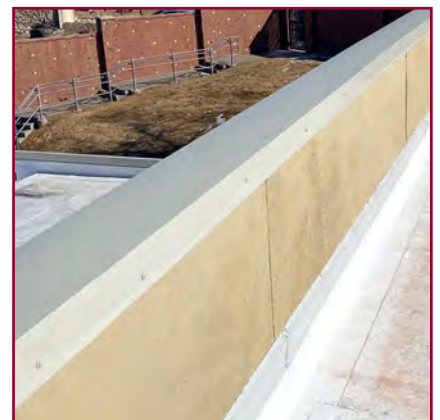

Installed with Cleat Metal

Secured with Grommeted Fasteners

**Protect The
Top of Your
Parapet Walls**

Example Projects

Custom Drip Edge

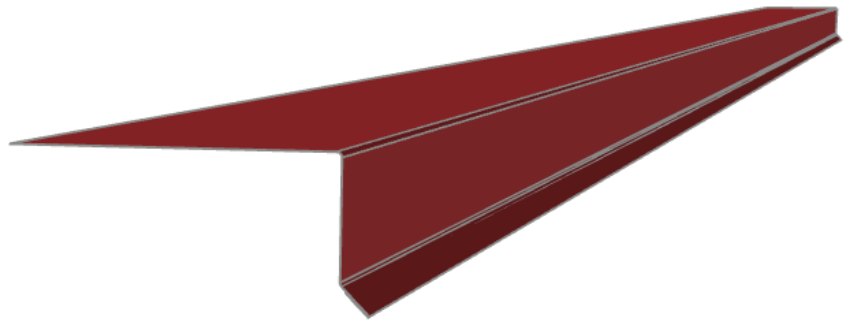

Drip edge is a metal flashing that is installed at the edges of the roof to help control the flow of water away from the fascia and to protect the underlying roofing components.

High Wind Up-lift Resistance

Prevents movement between fascia and deck boards.

Extends roof longevity

**Prevent
Moisture
Under Shingles.**

Example Projects

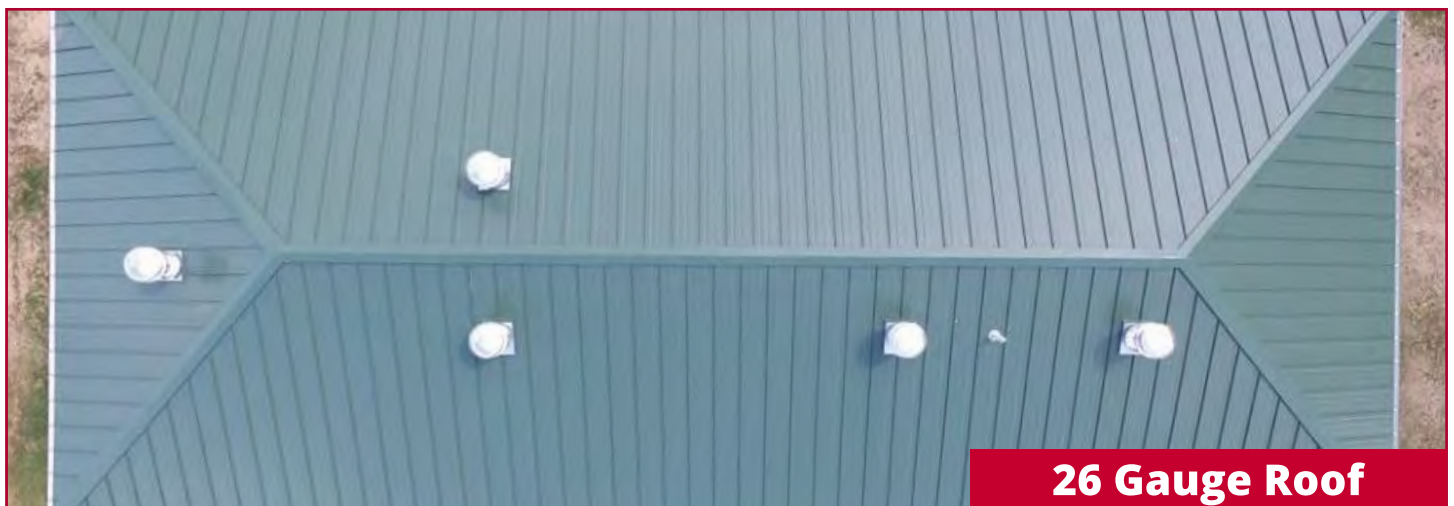

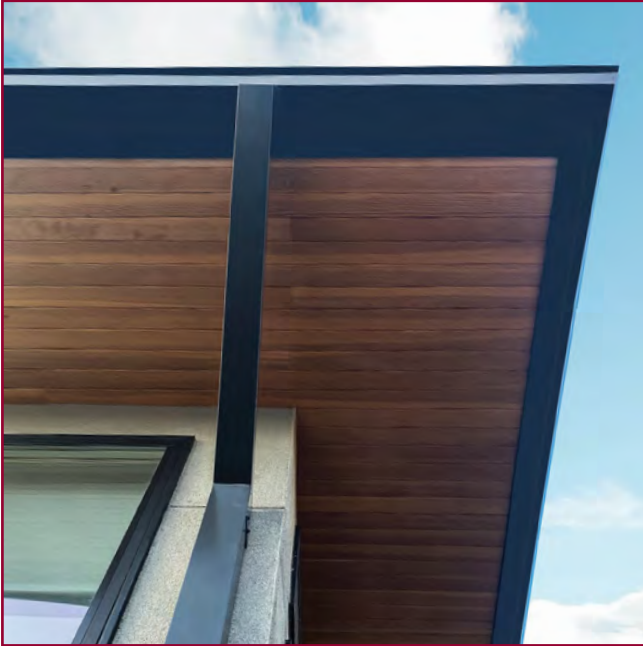

Roof System Pricing - *Materials Only*

All material can be quoted with labor if needed. *Pricing subject to change.

Project Type	Size	Price
Standard Metal Coil	24 Gauge	\$3.02 / SQ FT
Exposed Fasteners PBR	24 Gauge	\$9.82 / LF
Exposed Fasteners PBR	29 Gauge	\$7.20 / LF
Special Order or Metallic Colors	Varies	\$3.40 / SQ FT

*Other gauge pricing available upon request

Gutter Systems

Add a beautiful custom look to your business or residence with custom designed gutters.

K-Style or Box Gutter Available

5" for Residential Projects

6" for Commercial Projects

Custom Downspouts: Sealed via Pipe Lock, or Open Face.

5"

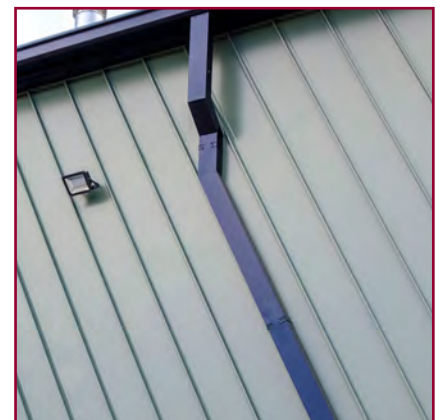

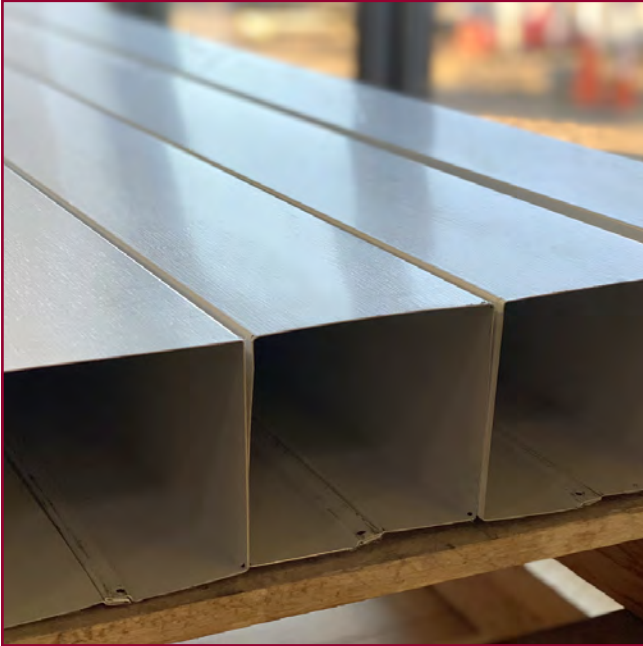

6"

Custom Box Gutter

Example Projects

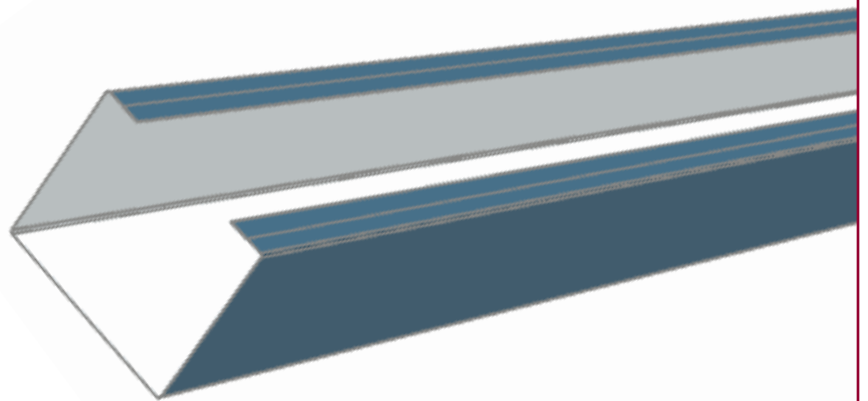

Tapered Downspout & Elbows

Our downspouts are unlike any other. We create a pipe lock system that ensures no leakage.

Options:

- Tapered
- Straight
- Closed
- Open Face
- Kick Outs
- Elbows (A & B Style)

**Precise Fit
for Any
Gutter System.**

Example Projects

Fascia & Metal Trim

DMS offers durable metal fascia and trim that's designed to cover fascia boards from the drip edge to the soffit.

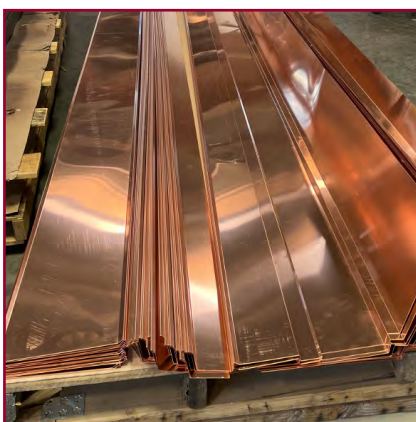

Available Metals: Steel or Copper

Custom Flashing Available

Precise Fit
for Any
Project Type.

Example Projects

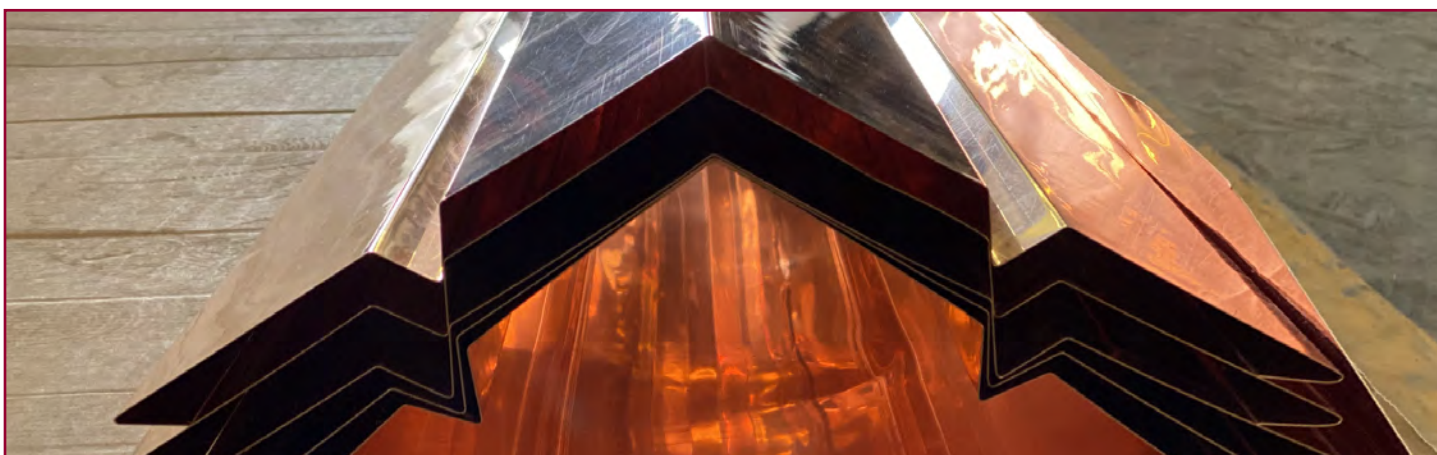

Custom Flashing

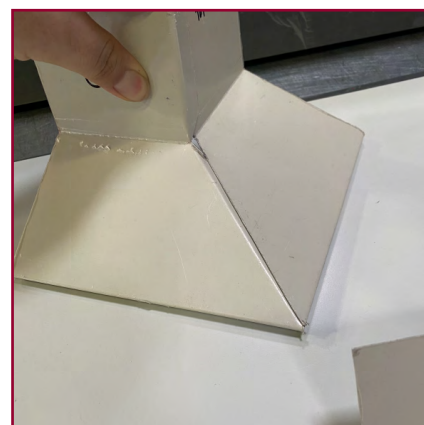

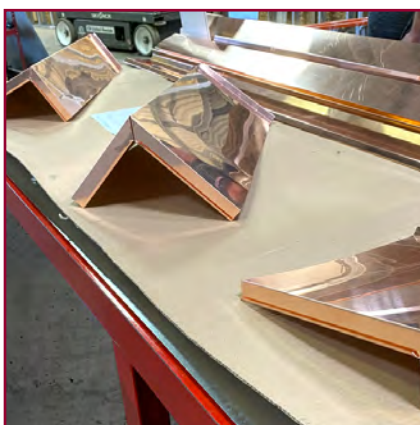

Our custom flashing will add the finishing touch to your project. We offer steel or copper flashing.

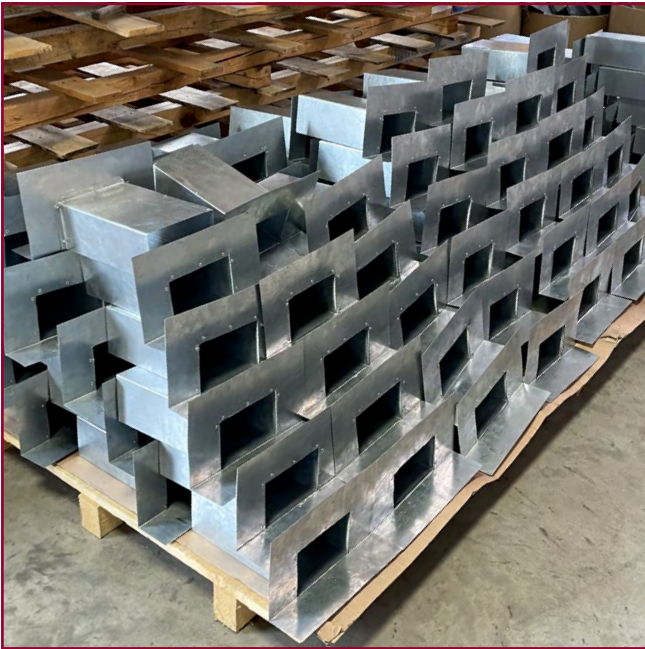

Options:

- Cap Flashing
- Edge Metal
- Masonry Flashing
- Roof Flashing
- Valley Flashing
- Counter Flashing
- And More

Example Projects

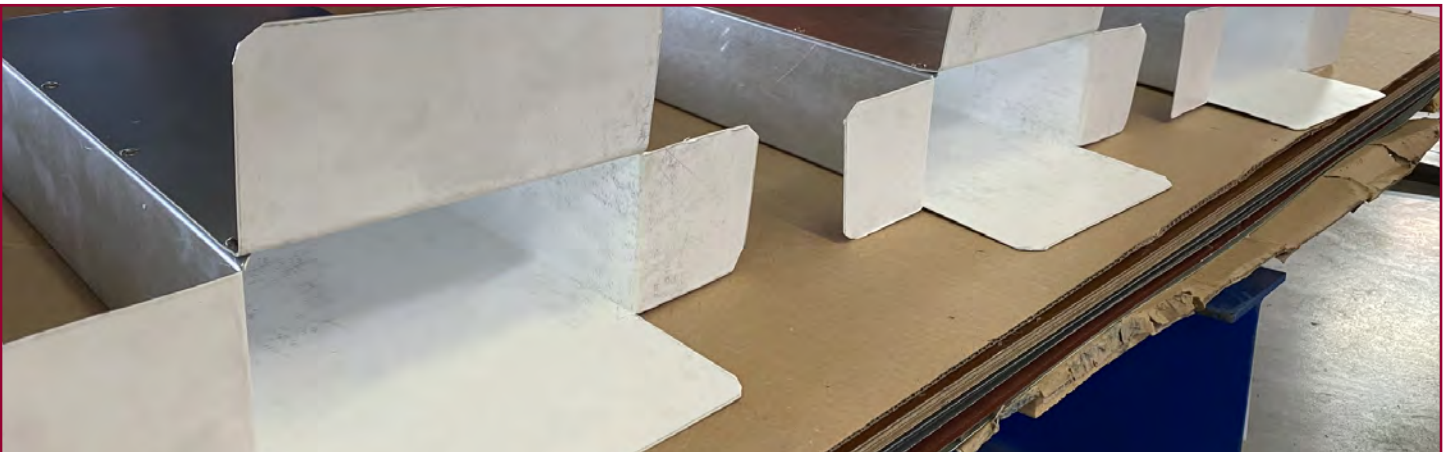

Scuppers & Collector Boxes

Drain excess water from your roof with our custom scuppers and collector heads.

Available in Steel or TPO Material

Soldering Available for Galvanized Material

Components used to direct water from a through-wall scupper to a downspout.

Example Projects

Chimney Caps

Our chimney caps are designed to keep rain and debris out of your chimney.

Options:

- Vented
- Added Collars
- Cross Breaks
- Flat

Available in a Range of Gauges and Colors

Example Projects

Project Accessories

We offer a complete line-up of accessories to complete any type of project.

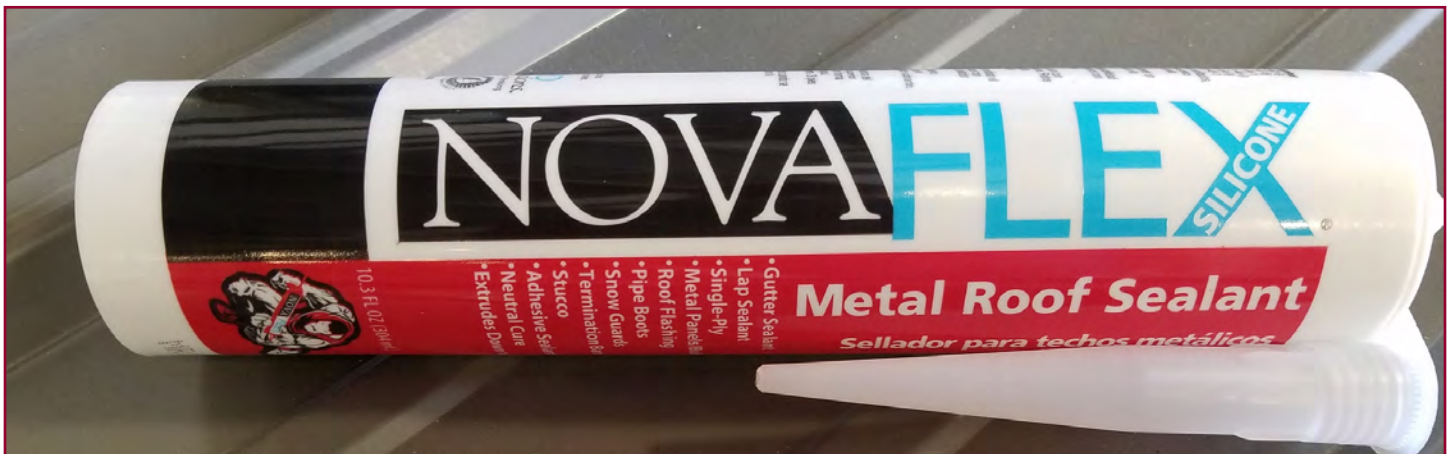

Calking & Butyl Tape

DekTite® Pipe Boots

Rivets, Fasteners & Clips

Touch-up Paints via Marker or Spray Can

And Much More

Example Accessories

Dektite Pipe Boot

Metal Panel Clip

Rivets

Synthetic Underlayment

Protect your metal roof with a water-resistant barrier. We offer underlayment solutions for any size roof.

No better product under steel, copper or tile
